Weather
Cloudy but fine weather. The maximum temperature yesterday was 58.8 and the minimum 41.7, the figures for the corresponding day last year being 49.6 and 43.7.

TYAU URGES CHINA APPEAL TO ARMS FOR JUSTICE

DE VALERA'S REFUSAL TO ACCEPT IS BACKED BY 2

Other Members Of The Irish Cabinet Uphold Him In Declining

2,400 ARE SET FREE

King Grants Amnesty To All Held For Political Offenses

(Reuter's Service)

London, Dec. 9.—On the conclusion of the Dail Eireann Cabinet, Mr. de Valera issued a statement to the effect that he was unable to recommend the acceptance of the proposed treaty of peace either to the Dail Eireann or to the country.

He enjoined the maintenance of strict discipline pending the public session of the Dail Eireann on December 14 and declared that two members of the Cabinet supported his standpoint.

FREES 2,400 PRISONERS

(Special To The China Press)

London, Dec. 7.—The first concrete result of the establishment of the "Irish Free State" came today when the King issued a proclamation in which he announced the release of all political prisoners interned in Ireland. Approximately 2,400 men and women are affected by the proclamation.

News of the release of the Sinn Fein partizans was greeted with wild acclaim in the headquarters of the leaders of the Irish Republic.

The general air of jubilation which has arisen as a result of the Irish settlement is, however, marked by a distinct undertone of bitter dissatisfaction on the part of the Ulsterites.

"I doubted that I would ever live to see the day of such abject humiliation for Great Britain," said Sir Edward Carson in commenting on the result of the negotiations between the British cabinet and Sinn Fein.

As yet, no move has been made by the Ulster party to avail themselves of the privilege extended them under the terms of the agreement of joining the Sinn Fein in the Irish Free State. Opinion prevails that ultimately the division of Ireland will be necessary and there is no end of discussion as to the exact nature of the boundaries to be established between the two sections.

POPE IS PLEASED

London, Dec. 7.—The Central News Agency reports that the Pope has sent a message to the King and De Valera congratulating them upon the agreement reached in the Irish negotiations.

Suffrage Must Start Slowly, Say Japanese

(Eastern News Agency)

Tokio, Dec. 9.—With regard to the counter measures of the present Cabinet towards the universal suffrage bill, it is authoritatively reported that the Government has under consideration a plan to carry out the reform of the local system first.

This is to be a preliminary step towards universal suffrage with the object of making the local populace master of the election of the members of prefectural, municipal, town and village assemblies. Then the government would tender them universal suffrage voluntarily a few years later.

Urges Quick Help For Tokio Students

Peking, Dec. 6.—Mr. Chang Yuan-chien, First Secretary of the Chinese Legation at Tokio, has telegraphed to Peking that the Chinese Government-supported students in Japan are in serious financial straits. The matter has been referred to the Ministry of Finance.

Cables To Washington Tell Of People's Anger At Action On Shantung

Messages Carry Protest Against Direct Parleys With Japan And Demand Cancellation Of The Twenty-One Demands

What the Chinese people think of the action taken at Washington regarding Shantung as expressed at the student demonstration of Thursday is being impressed on all identified with China's case at Washington in cables that were dispatched yesterday.

As a part of the proceedings at the mass meeting it was voted to send cablegrams setting forth the views of Chinese to the American people, to Arthur J. Balfour, President of the British Council and head of the British delegation, to Secretary of State Hughes, to Alfred Sze and the Chinese delegation and to David Yui, one of the two people's delegates of the Chinese delegation.

All the messages sent are signed "20,000 Shanghai Students and Merchants." The first, that addressed to the American people, is as follows:

"We solicit your very active support in effecting cancellation of the 21 demands and the unconditional return of all rights in Shantung. Immense demonstration throughout China demands that the Conference direct the settlement of these vital issues that seriously affect world peace. Direct negotiations will prove disastrous."

The text of the message to Secretary of State Hughes and to Mr. Balfour is as follows:

"Immense demonstration throughout China insists that the Conference shall direct the settlement of the Shantung question and the question of the 21 demands, unconditionally surrendering Shantung to China and cancelling the 21 demands without compromise. The success of the Conference and world peace is imperilled."

The cable that was addressed to Alfred Sze and his colleagues of the Chinese delegation is as follows:

"Take warning! The country demands the unconditional return of all Shantung rights and cancellation of the 21 demands. Direct negotiations are condemned and settlement by the Conference is vital."

The cable message sent to David Yui, the people's delegate refers to a demonstration for China that he arranged in America. It is as follows:

"We and the country are proud of your demonstration and campaign."

STUDENTS ARRESTED

Two Chinese students found exhibiting flags and a large sphere on which were inscribed exhortations for the people to protest against direct negotiations on the Shantung issue were brought into Sinza police station Thursday and the flags and sphere were confiscated, after which they were warned and released.

The sphere, it developed later, was built to the order of the Nanking Road Street Union and was being conveyed through the Settlement by students of the Union's night school for use in the parade in the Chinese City when those in charge of it were taken into custody.

The Street Union in a letter to the Chinese press protests against the action of the Settlement police, declaring that the characters on the flags and sphere were not of an offensive or violent nature and submitting that while the incident might be considered of no great moment it still has a serious significance as affecting the rights of the country.

Firemen Check Blaze In Piece Goods Hong

A blaze which occurred at about 7:30 o'clock last evening gave firemen of central division of the department a brisk fight in the Dau Tseu Lee, an alleyway off Fokien Road. The outbreak was in a first class Chinese piece goods hong, originating on the first floor toward the rear and working up through the ceiling and roof, so that when the firemen reached the scene it was burning fiercely and spreading rapidly through the rest of the upper portion of the building.

Electric wires hampered the work of the firefighters but the blaze was attacked by sections working from both the Fokien and Kiukiang Road sides and in a short time was brought under control, the fire damage being confined to one side of the upper portion of the one building. An adjoining hong, also containing piece goods, was entirely undamaged. In their operations the firemen were greatly aided by the excellent manner in which the Louza police maintained the fire lines.

CHINESE BANK FILES PETITION IN BANKRUPTCY

Following the filing of several large claims against it a petition in bankruptcy has been submitted in the Mixed Court by the Shanghai-Haimen Industrial Bank, an institution which is said only to have been in existence for about five and a half months.

The first indication of the institution's difficulties came when Mr. F. J. Schuhl filed a claim for $13,880 on behalf of one Lam Poo and others. The managing director, Loh Tsong-bung, was brought in on a summons and security was set at $10,000 cash. Yesterday Mr. Schuhl filed two more claims, for an aggregate of over $150,000 and Messrs. Fleming, Davies and Bryan filed another for Tls. 13,845. One claim, for $28,310 was filed on behalf of one Ng Yih-zung, representing the San Yoen Lottery Co. and the other filed by Mr. Schuhl is for $125,000 alleged to be deposits of the Wu Yang Tsing Cheu Exchange Co., represented by Ng Sien-koo. The claim filed by Messrs. Fleming, Davies and Bryan is on behalf of the Mutual Stock and Produce Exchange Co.

The petition in bankruptcy was filed by Messrs. Rodger and Haskell and sets forth that the institution is a Chinese bank operating at 470 Tientsin Road and has debts of $190,000 and assets of $350,000. An interim receiver is asked.

Assessor Blackburn and Magistrate Kwan ordered that such a receiver be appointed to take charge of the books and assets immediately and that notification be made through the press that if no opposition is indicated within three weeks the court will proceed to declare the petitioners bankrupt.

Further security of $50,000 was ordered for the defendant.

Tokio Shivers In Quake; Sends Folk Rushing Into Open

(Eastern News Agency)

Tokio, Dec. 9.—Last night at 9:30 a severe shock of earthquake was experienced in the district of Tokio. The vibration was so strong that the citizens took refuge out of doors. The exact damage is not yet known but so far it is ascertained that no one was injured in Tokio but there was small damage done to houses and articles. According to Dr. Omori, the earthquake center was near Kashimanada some 40 miles distant from Tokio, and the last earthquake was the strongest shock that has ever been experienced for the last twenty-eight years.

INHABITANTS of Kansas City turned out en masse for the dedication of the $2,500,000 Liberty Memorial, which was attended by all the well-known Allied Commanders now in the United States. The dedication of the memorial was held in connection with the American Legion convention. At the top of the illustration is shown part of the massive crowd. On the left is the Liberty Memorial. The reviewing stand, from which the Allied Commanders viewed the parade of 30,000 American Legionaires, is shown on the right.

BRITISH STAND FIRM ON WHARF BUILT IN AMOY

(Eastern News Agency)

Peking, Dec. 9.—Two days ago the British Minister here called on Dr. W. W. Yen, Minister for Foreign Affairs, at the Waichiaopu and conferred with the latter as regards the question of wharf construction at Amoy, when Dr. Yen tendered the three items.

(1) the Butterfield and Swire Company shall suspend the alleged wharf construction,

(2) the fence of Haihoutan shall be destroyed and be disposed of according to the old regulations,

(3) the British blue-jackets, now on shore, shall be withdrawn at once.

In making a reply to the foregoing, the British Minister stated to the following effect:

"Inasmuch as the Treaty concluded in 1880 between the British Consul and the Taotai of Amoy provides that Haihoutan shall be controlled as a portion of the British concession, I do not regard the wharf construction at Amoy by the Butterfield and Swire Company as encroachment on the Chinese territory.

"If China dares to raise an objection to the construction in question, she should first take steps to revise the said Treaty or to devise ways and means to solve the issue.

"With regard to the withdrawal of British blue-jackets from Amoy, as it is outside my competence, I will make a definite answer after obtaining instructions from the Admiralty at home.

"Meanwhile it is to be hoped that the Chinese Government will take the entire responsibility upon itself and maintain strict order not to intensify the anti-British sentiment on the part of a small number of lawless people."

Here Is School To Put Punch In Maiden's Arm

By Elsie McCormick

We sometimes used to wonder just what reaction the Chinese get from watching the marital gymnastics of Mrs. Maggie Jiggs. What did they think, we ruminated, of a foreign lady who had an unlimited supply of potential black eyes concealed in her right arm and just as many upper-cuts hidden away in her left? Did it lead them to imagine that every foreign wife is educated in a finishing-school, the chief course of which is lessons in how to finish her husband?

Yesterday, however, we found out that Maggie Jiggs' knowledge of the art of self-defense probably didn't surprise them in the least. In China, where a taxi-cart that automatically rang a bell every li was invented over a thousand years ago and where the classical writings have multitudinous references to 'flying chariots,' it is fairly difficult to introduce anything new.

LADY 'PUGS' OLD STORY

The records likewise prove, according to Mr. Woo of the Y. W. C. A. School of Physical Education, that Chinese ladies of ancient dynasties used to practice boxing in the privacy of their boudoirs. It was real boxing, too, not the modified form of Delsarte culture that it became in more decadent years. Mr. Woo didn't tell us whether the ladies followed the Queensberry rules or not, or just what use they made of their knowledge, but we have a suspicion that more than one grave mound has been disturbed by the sudden turning over of its occupant when the eccentricities of Mrs. Jiggs were published broadcast in China.

Over at the Y. W. C. A. Normal School of Hygiene and Physical Education, Chinese girls are still learning the gentle art of the cauliflower ear. During the last thousand years, however, boxing has become so systematised that every little movement calls forth another little movement, exactly as set forth in the book. With the surprise element entirely eliminated and with each blow ending five inches from the opponent's proboscis, the young lady boxers have as much chance of damaging each other as a cat with chalk teeth has of denting a china ware dog. A professional boxer who tried Chinese tactics in the West would hear the clang of the ambulance so soon after the gong of the first round that he would mistake it for the echo.

WIN RUBBER SPONGE CAKE

Let us remark, while we are on the subject, that the Y. W. C. A. School is an institution well worth visiting. We were over there yesterday morning, and if any class of foreign girls with the same amount of training can dance more gracefully, we are willing to award them the pastry that our literal-minded cook made the other day when he imagined that sponges are a necessary ingredient of sponge-cakes.

Dressed in white smocks and blue bloomers, the Senior girls stamped, gyrated, and

S. AFRICA TO SIGN AS WORLD STATE DECLARES SMUTS

(Reuter's Service)

Bloemfontein, Dec. 8.—General Smuts in a speech at Winburg today said that his protest against South Africa attending the Washington Conference unless she went on her own legs had been taken up by the British Government with far-reaching results for the other Dominions who were today attending the Conference not as British Empire delegates but as representatives of their separate Dominions.

His object had thus been achieved and any treaty made in Washington would be signed on behalf of South Africa on an equal footing with all the other nations. America's attitude which had tarnished South Africa's status had now been righted, largely owing to his efforts.

MUST GET OUR WAY BY FORCE, HE SAYS WHEN SENDING RESIGNATION

Only Thing Left For Us Is To Reorganise Our Army, Bring It Up To Western Standards And Then Plough Our Way Through, Former Secretary Of Delegation Tells People

SAYS JAPAN IS GIVEN EVERYTHING

China Granted Nothing, He Declares, Since 21 Demands Are Sealed For Nippon While Cathay Is Left With All Her Detriments

(Trans-Pacific Public Ledger— China Press Exclusive Service)

WASHINGTON, December 8.—"The only thing left for us to do is to tell our people that there is no hope of getting justice while we are weak. We must reorganise our army, bring it up to western standards and prepare to get our way by force."

Such was the statement of Dr. Philip Tyau, General Secretary to the Chinese Delegation on putting in his resignation as a member of that body. He continued:

"Newspapers regard what has been done as a victory for China: It is a hollow victory for we came expecting greater things. At the very least we thought that China would get a hearing and that the robbery and spoliation of our country would be stopped.

"Instead of this fairly modest aim, to put it in a single expression, Japan has retained all rights she extorted under the twenty-one demands, she has obstructed the removal of post-offices, she is holding up the raise in our customs tariff and she will not withdraw her troops."

Shanghai Men Wire Of China's Plight

The following telegram was received today at the Shanghai Y. M. C. A. from Drs. David Z. T. Kui and Moalin Chiang as to the situation in Washington:

"Very keen disappointment among Chinese over Conference situation. Peking delegates have been following too much the wish of American delegates. Present American government tries to pacify China by helping secure some insignificant gains but will sacrifice China's vital interests in order to accomplish success of naval reduction, thereby strengthening the position of Republican party. Japan understands this and therefore holds off on naval reduction as an effective means of bargaining for Shantung question and Manchurian economical rights.

"Peking delegates avoid vital but difficult issues and try to make small gains to cover failures and to court popular favor at home. In the meantime the American public is led by news directed by the American government to believe that China has gained much, such as Post Office, Extraterritoriality, leasehold land, etc. Really we have gained nothing up to date. When deadlock on important issues comes later on it will make us appear unreasonable.

"American public are strongly in favor of China, not because they understand China's case but because they dislike Japan.

"On account of difference of opinion Philip Tyau has resigned; Wang Chung-hui may also resign.

Four Quit Chinese Delegation

BY FREDERICK WM. WILE
(Trans-Pacific News Service Exclusive To The China Press)

Washington, December 8.—The mutiny that has broken out among the Chinese Delegates has come to a temporary head with the resignation of four officials who quit as a protest against the alleged sacrifice of the Chinese cause by the Conference.

The resignations include Dr. Philip Tyau, General Secretary; Ex-Minister of Foreign Affairs Liang Yu-ho; Ex-Minister of Finance Chow Tze-chi, being the superior advisers to the delegation, and Vice Admiral Tsai Ting-kan, associate director of the revenue council.

Direct negotiations with Japan over the Shantung question precipitated the mutiny and while the action of the above officials is said to reflect the feelings of Drs. Sze, Woo and Wang Chung-hui, none of these has relinquished his mandate as yet.

Peking-Canton rivalries are believed to be at the bottom of much of the squabbling that has taken place and American officials are vexed at the strife among the Chinese. They declare that the fears of the delegation that China's interests are being ignored are absolutely unfounded as they are the basic motive of the Conference and China especially has the goodwill of the United States.

It is predicted that such tactics speedily will bring about everything that China loathes, fears and has fought most bitterly, which is some form of foreign control.

ITALY WANTS PLACE
(Reuter's Service)

Washington, Dec. 8.—The Italian delegates have expressed a desire to join the four powers in the development of China and are seeking admission to the existing six power consortium.

FIVE TREATIES IN AIR

Washington, Dec. 9.—While the Four Power arrangement is gaining increased support, other factors are shaping towards definite treaties or "understandings." The latest problem prominent in the discussions relates to the fortifications of naval bases in the Pacific. It is intimated that this subject will be settled by a separate treaty or other international agreement.

The actual state of the situation is closely guarded, although the conversations are apparently tending towards the following separate agreements:

(1) A treaty whereby Great Britain, the United States, Japan and France agree to a period of discussion before go-

ing to war over disputes arising over the Pacific Islands.

(2) A treaty or agreement relating to the five-five-three ratio and cognate questions.

(3) A joint declaration of principles by all nations regarding the future of China.

(4) A treaty wherein the United States and Japan would be principals, settling the question of Yap, and

(5) A Sino-Japanese agreement relating to Shantung.

The Japanese delegation considers all these elements linked together and consequently Japan's attitude is likely to be delayed until she is ready to make a settlement involving them all.

A portion of the despatch from Tokio has been received, but the delegation is awaiting the full text before indicating its position.

TOKIO ACCEPTS RATIO

(Reuter's Service)

London, Dec. 9.—The Washington correspondent of the Morning Post learns that Tokio has unconditionally accepted the 5-5-3 naval ratio.

FOUR MAIN POINTS

New York, Dec. 9.—The New York Times correspondent in Washington says that there are four cardinal points to the Quadruple Power Alliance.

The first fixes territorial integrity in the region of the Pacific, and stipulates that each Power shall be bound not to attack the territory of any other.

The second states that if the vital interests of any Power in the Pacific is menaced, it shall be morally required to consult the other Powers before taking action.

The third lays down that in case of disagreements between any two of the contracting parties, the other two Powers shall be asked to mediate and arbitrate.

The fourth provides for the abolition of the Anglo-Japanese Alliance, which shall end with the exchange of ratifications of the new treaty.

There is nothing in the agreement concerning the reduction of naval armaments or Chinese problems.

JAPAN HAS RESERVATIONS

Paris, Dec. 9.—A telegram from Washington states that M. Viviani conferred with Mr. Balfour, Baron Kato and Secretary of State Hughes for two hours regarding the Quadruple Agreement. M. Viviani has despatched the text to Paris and recommends acceptance.

The Japanese reply is favorable but makes reservations regarding American naval bases.

It is confirmed that the agreement will apply exclusively to the islands in the Pacific belongmg to the Powers concerned.

Publication will be delayed until the Manchurian and other problems are solved. The agreement will not apply to Indo-China.

The French delegates are staying beyond December 14, owing to the importance of the remaining problems.

The Quadruple Agreement will be announced in public session as soon as the American Government has received the adhesion of all those interested, probably beginning next week.

The regulation of naval armaments of the three Far Eastern Powers will probably be announced on the same day.

PUT UP TO CHINA

(Eastern News Agency)

Tokio, December 9.—A Washington special telegram to the Jiji dated December 7 states that the Japanese delegates have presented a memorandum to the Washington Conference, opposing the withdrawal of Japanese troops from some parts in the territories of China. The gist of the memorandum is as follows:

"Judging from the existing state of affairs in China, it is unquestionably evident that there is need to keep foreign troops even in the capital of China.

"In the event of China becoming capable of maintaining peace and order in Manchuria, however, Japan is willing to withdraw her troops from the region above mentioned at any time, and at the same time from Siberia as well as from along the Chinese Eastern Railway.

"But Japan can by no means act under the influence of passion at the risk of creating an international difficult situation of gravity."

PERSHING AGAINST GAS

(Reuter's Service)

Washington, Dec. 8.—The Advisory Committee of the American Delegation, in a report drafted by General Pershing, has advised the complete abandonment of all forms of chemical warfare.

There is reason to believe that the report does not reflect the views of other high military officials who incline to the belief that chemical warfare should be considered in the same way as any other weapon.

The preliminary draft of the four Power Agreement is understood to include four clauses, one of which declares that the Agreement shall serve as a substitute for the Anglo-Japanese Alliance.

It is also understood that the draft further provides for discussions or conferences in case any disputes arise, thus incorporating President Harding's idea of a series of international conferences.

Japan Said To Be Ready For Sixty Percent Fleet

(Reuter's Service)

Washington, Dec. 8.—It is learned from British sources that Japan has accepted the proposal for a quadruple understanding for the settlement of Pacific questions.

The Far Eastern Committee today passed a resolution agreeing not to enter into treaties or understandings which would impair the Root resolutions regarding the territorial and administrative integrity of China, adopted by the Committee on November 21.

JAP WOULD BAR FRANCE

London, Dec. 8.—The drafting of the Quardruple Entente is not yet completed but it is understood that it will be separate from the Conference decisions and is expected to embrace the whole mass of the existing agreements and understandings between the various nations intercsted in the Far East.

The reason of China's exclusion from the Entente is explained by the fact that it would be manifestly absurd to ask China to contribute to an alliance recognising, for example, her own intergrity, since the pact is believed to be essentially in the nature of a self-denying ordinance among the Powers towards China.

The Japanese are reported to be dereloping a resistance to the inclusion of France on the ground that the inclusion of a Power not seriously interested in the Far East will weaken the effective value of the compact.

TOKIO MUST APPROVE

(Special To The China Press)

Washington, Dec. 7.—The Japanese delegates at the conference today announced that they would agree to return to China all the public property in the Kiaochow leasehold, subject to the approval of Tokio.

WHY CALL GERMANS?

(French Wireless through Reuter)

Paris, Dec. 8.—It is reported from Washington from a British source that President Harding has decided that it would be useless to call Germany to the present Conference.

President Harding told the annual meeting of the American Red Cross that it would never again be called upon to relieve the sufferings caused by war to the same extent as during the last war because the Disarmament Conference would score an unhoped for success.

FORTS NOW CRUX

(Special To The China Press)

Washington, Dec. 7.—British delegates at the disarmament conference today expressed the view that Japanese acceptance of the 5-5-3 ratio for naval strength depends upon the ability of the powers to agree on a limit to Pacific fortifications.

The British believe that Hawaii might be considered as an outpost of the American mainland, but this does not apply to the Philippines, which might become a base from which to attack Japan in the event of war.

OPPOSE KOO'S ENTREATY

(Eastern News Agency)

Washington, Dec. 8.—At today's meeting of the Committee on Far Eastern problems, Dr. Wellington Koo, the Chinese delegate, made a proposal urging that a resolution should be passed prohibiting the Powers from entering into any treaty or entente without consulting with China or without giving an opportunity to China to participate in the conference.

Mr. Balfour, Mr. Hughes, and Mr. Hanihara then each made a speech against Dr. Koo's proposal.

STILL TALK IT OVER

Washington, Dec. 8.—In the direct negotiations between the Japanese and Chinese delegates on the Shantung issue, the question on the government as well as public properties at Tsingtao has been discussed for the last three days but has not been settled as yet.

STEVENS IS ADVISING

(Asiatic News Agency)

Washington, Dec. 5.—Colonel Stevens, Chief of the Inter-Allied Technical Board of Russian Railways at Harbin, is now in Washington. The question of the future administration of the Chinese Eastern Railway by an international board will probably be introduced into the Disarmament Conference for discussion shortly.

A section of the influential American press such as the Washington Herald and the New York Times, is advocating the establishment of an effective international control over the important line in North Manchuria so that real reforms can be introduced by the Powers especially in the traffic and administrative departments. But the Chinese Delegation has been ordered by Peking to oppose any suggestion of international control on the ground that in accordance with the original Sino-Russian agreement signed by the Russo-Asiatic Bank with the defunct Manchu Dynasty about 17 yeas ago in Peking, the Chinese Eastern Railway should be administered jointly by China and Russia.

The Chinese government does not recognise the French interests on the line. Japan is reported to be in favor of international control through the flotation of a big loan in the United States and Japan for the immediate reorganisation of the line.

AGREES TO 7.5 TAX

(Eastern News Agency)

Tokio, Dec. 9.—As regards the imposition by China of 7.50 percent of Customs dues proposed at the Washington Conference, the Japanese Government has decided to agree to the proposal on the whole.

ASK WANG TO STAY

Peking, Dec. 9.—Dr. Wang Chung-hui, the Chinese delegate to the Washington Conference, has of late addressed a telegram to the Central Government, tendering his resignation, and the Waichiaopu, in reply, wired to Dr. Wang today, requesting him to remain in his office.

NOT DIRECT SAYS GOVT.

Peking, Dec. 9.—As previously reported, the Waichiaopu, with the object of dispelling misunderstandings on the part of the people, has decided to explain in detail the present circumstances respecting the Shantung question and to announce that the reported negotiations at Washington are anything but direct negotiations between Japan and China.

TIENTSIN ALSO ACTS

Tientsin, Dec. 9.—Upon receipt of a telegram from Mr. Chang Peng-chun, the representative at Washington of the Chinese people, representatives of twenty-six organisations of various descriptions, upwards of 20 in number here last night convened an urgency meeting, at which it was decided to urge the delegates to carry through the four proposals, namely,

Abrogation of the twenty-one demands.

Unconditional restoration of the Shantung Railway.

Abolition of the agreement on the Shunteh-Tsinan Railway.

Restoration to China by Japan all the privileges in Shantung which Japan has acquired from Germany.

At the meeting, it was also decided to despatch a telegram to the Chinese delegates at Washington, stating that unless the four proposals above mentioned are to be carried through direct negotiations should never be entered into.

It will request the Chinese students and merchants at Washington to render their assistance to the Chinese delegates. The Tientsin delegates decided to organise a demonstration in order to rouse public opinion in China.

TWO HOODS vs. MUTSU

London, December 8.—Britain's cancellation of work on the four super-Hoods is to be modified if Japan insists on keeping the Mutsu and work will be resumed on at least two of them.

The reports of the pending quadruple understanding has been received here with enthusiasm, although the Irish situation naturally overshadows everything else.

Emergency Fleet Head Would Turn Warships To Liners

(Special To The China Press)

Washington, Dec. 6.—Six battle cruisers which would be scrapped under the plan for limitation of armaments could be converted into ocean liners, according to J. W. Powell, president of the Emergency Fleet Corporation.

The ships would carry 1,000 first class, 2,000 second class and 3,000 third class passengers, Mr. Powell said, and would have a speed of 25 knots. It would be impossible to reconvert them into warships, he added.

California Trade Mission Giving Dinner For Chinese

San Francisco's trade mission, which paid a visit to Shanghai about a month ago when the party was outbound on a tour of the Far East, is aboard the Pacific Mail Liner Empire State homebound and after the arrival of the vessel late tonight or early tomorrow morning the Californians will spend another day in Shanghai.

As a farewell feature of their tour the trade delegation will give a dinner tomorrow night at the Union Club at which the Executive Committee of the Chinese General Chamber of Commerce will be guests. Arrangements for this affair were concluded by radio yesterday when the Empire State was nearing port.

The trade mission numbers about 130 persons and on the occasion of its first visit to Shanghai it was entertained by the Chinese Chamber of Commerce at that organization's headquarters on North Honan Road.

As the California delegation made up the bulk of the passenger list of the Empire State, the vessel's schedule was altered to meet the needs of the travelers and in carrying out this procedure the Empire State will omit all Japanese ports on the homeward voyage, going direct from Shanghai to Honolulu and thence to San Francisco.

Two Weeks' Lodging Provided Students

In consequence of the recent meeting held at the Bureau of Foreign Affairs to discuss the matter arrangements have been made to provide accommodations for two weeks for the Chinese students returned from France because of inability of the Government to continue their support.

The students, 104 in number, are to be quartered at the Li Tai lodging house in Nantao and they have been notified that if before the end of the two-weeks' period they express willingness to return to their native places their passages will be paid. The accommodations will not be provided beyond the fortnight beginning yesterday.

it will cost you a little more than it would today to have your life insured. If you delay three, five or ten years, it will cost you considerably more. Yet the protection that you can obtain today at the lower rate is the same that you would pay more for later on.

Also, three or five years from now it may be too late. Sickness or accident may deprive your family of the valuable benefits of life insurance unless YOU take the initiative NOW. The responsibility rests with you.

Here Is School To Put Punch In Maiden's Arm

(Continued from Page 1)

posed through the figures of a European folk-dance, waved grace...ums in the movements of an aesthetic number, and then demonstrated to the music of a Victrola a dance that they had invented themselves with no assistance from their teachers. We have seen Chinese maidens fox-trotting at the Carlton, one-stepping at the Auto Show and shimmying all over, but, we never know before what they can do when they try to prove that Terpsichore herself was brought up on a diet of rice, bamboo sprouts, and sharks' fins.

ALL ARE RIGHT BOWERS

Preceding the dancing, we watched the Junior class grow argumentative over the possession of a basket-ball and prove in other exercises that both feet and hands are quicker than the eye. One of the students had had bound feet for ten years, but after the removal of the bandages and the giving of scientific treatment, she proved as able to step lively as any lady who ever chased a Shanghai street-car. The work of the morning ended in a series of elaborate Chinese bows, and at the risk of betraying a knowledge of euchre, we are willing to state that all the students proved to be right bowers.

Ten provinces and many classes of society are represented in the enrollment of thirty-three students. The majority of the girls come from government institutions rather than mission schools, and several of them are supported by provincial scholarships. Chinese officials of public instruction have awakened to the fact that a day in the gymnasium is worth two in the temples and are accordingly introducing physical training. Thirty-eight graduates of the school are holding positions as physical directors. The high standards maintained in the gymnasium and the scientific background given in classroom work have created such a demand for graduates that the school can't begin to grow an adequate supply.

SLIP 'ER FEET OVER

When the first government girls' school opened in Nanking about forty years ago and the students tottered in on the arms of their servants, the district Mandarin declared in his opening speech that no girl with bound feet would be admitted. After a tearful adjournment, the young ladies appeared next day still leaning on their amahs but with their tiny feet concealed by men's size velvet slippers.

The girls who were unwilling to give up the golden lilies which they had bought with the customary cask of tears and the maidens who loosen the gymnasium floor-joists by their enthusiastic stamping in Swedish folk-dances sum up the past forty years in China as well as a whole red-leathered library on the advancement of women.

And from our cursory observation of the student body we didn't note any strong-armed maiden whom we could justly nominate as a future Mrs. Jiggs.

China's Industrial H. P. Is Under That Of Pittsburgh

The Social Service Section of the American Woman's Club met at 4:30 yesterday afternoon, at 18 Yuen Ming Yuen Road, to hear Professor C. F. Remer, head of the Department of Sociology at St. John's University, lecture on "The Industrial Revolution." Mrs. J. W. Nichols, chairman of the section, being kept away by illness, the secretary of the section, Mrs. Harrison King, presided and introduced the speaker.

Professor Remer introduced his subject by pointing out the fact that the names of some well known textiles indicated their Eastern origin, such as calico, from India, cashmere, from a valley of India, gauze from the town of Gazar, and the like. The West now exports these materials to the East and this change, said the speaker, has been brought about by the industrial revolution, which has been called the most important event since the discovery of America.

TRACES DEVELOPMENT

Dr. Remer said in part that even before the actual beginnings of the industrial revolution, about the middle of the 18th century in England, some changes took place in agriculture and "Turnip" Townsend got his name from advocating the cultivation of root crops. The invention of the steam engine and its first considerable use in pumping water out of the coal mines gave new sources of power to the world, and close upon that followed textile machinery and the increased production of iron and steel.

Next the locomotive was developed and between the years 1760-1875 England was made over and the wealth gained through this industrial development enabled her to defeat Napoleon. While the introduction of machinery into industry was opposed in England, it was readily accepted in America and the war of 1812 also led the United States to depend more largely upon her own manufactures. France hardly began to introduce the use of the steam engine until 1830 and could not be called a modern industrial nation until 1850, while Germany did not develop her possibilities in that direction until 1870. Japan has only recently awakened to this source of power, and China is even further behind.

CHINA EQUALS PITTSBURGH

Recent figures showed that the total capitalisation of power-using factories in China was less than that of the town of Pittsburgh. The first cotton mill in Shanghai was not built until 1905.

The real test of the usefulness of this industrial revolution rests on human welfare. Will machines be good for China? Have they been beneficial for other nations? Or, in other words, have the other nations of the world more goods and more leisure? The answer must be in the affirmative in spite of the gloomy view of John Stuart Mills, the political economist, who once stated that unless one-third the population of England could be exported so that the remaining two-thirds might have enough to live on, a disaster worse than the French Revolution might be expected.

A genuine increase in wages and leisure has come to the workman since 1760 while a larger amount of goods has been produced in spite of the restriction of the labor of women and children. With this history in mind China may welcome industrial development, which may well be as in America, evolution instead of revolution.

Gets Month In Jail For Altering Notes

The defense offered by a man who appeared in the Mixed Court yesterday on the charge of altering notes of the Bank of China was that he had been made apprehensive by the recent difficulties of that institution and so had taken three notes, aggregating $20, and altered two of them to appear to have been issued by Shanghai branch and one to have been issued in Chekiang instead of Yunnan. He slipped up on the spelling of Chekiang, making it "Chehkiang," and the slip was detected by the shopkeeper who was asked to accept the note. One month in jail was the sentence.

Christmas Money Story Contest For The Children

THE CHINA PRESS and THE EVENING STAR beg to announce that $100.00 in prizes will be given to school children of the city between the ages of 10 and 16 who write the best Christmas stories for these two newspapers.

The stories will be published daily in THE CHINA PRESS and THE EVENING STAR and also in the forthcoming Christmas Number of the Sunday China Press, to be issued on December 18.

The children are to be separated into two classes, Junior and Senior.

Junior: Children 10, 11 and 12 years old.

Senior: Children, 13, 14, 15 and 16 years old.

In the Junior class the stories must run from 500 to 1,000 words.

In the Senior class the stories must run from 700 to 1,500 words.

The prizes in each class will be the same.

First prize: $25.00
Second prize: $15.00
Third prize: $10.00

All the stories must be in the office of THE CHINA PRESS or THE EVENING STAR by noon on Friday, December 16.

Contestants, therefore, are not given very much time and all intending to compete are urged to start early on their compositions.

The stories must be written on one side of the paper, must be in ink and must be legible. Typewriters may be used by the contestants.

The stories must have something to do with Christmas. The scene must be laid in China. Anecdotes are not wanted. This is a short story contest—a fiction contest. Each story must have characters and a plot.

In addition to the prizes offered, a total of $100.00, THE CHINA PRESS and THE EVENING STAR will pay $5.00 for each story used. Two prizes, one for $10.00 and one for $5.00 will also be given to the stories that are judged neatest.

Boy Scouts Camp To Be Dedicated This Afternoon

The Baden-Powell Boy Scouts camp on Avenue Haig, near the corner of Edinburgh Road, will be officially opened this afternoon by Sir Everard Fraser, K.C.M.G., Consul-General for Great Britain. The ceremony will be at 3 o'clock.

The ground will be used for week-end camps. An elaborate program is planned for the dedication and practically every Boy Scout troop in Shanghai will send a delegation.

Parents and friends of Scouts, and the general public, are invited to be present at the dedication ceremonies.

AMERICAN CLUB MEMBERS ENJOY 'BIG' EVENING

They built a platform at one end of the guest chamber in the American Club quarters and with a serviceable piano mounted on it they let loose enough Shanghai talent last night to provide a 52-week full-bill booking on any old circuit.

It was called a smoker, but when the crowd got seated and draped in a dense fringe around the wainscoting with a blue pall of smoke overhead it began to look like a big day at the Coliseum. And, at that it turned out to be a riot.

No use trying to tell about the program. This is a reminiscence, not a critique. G. M. Jackson was carded as master of ceremonies. "Slim" Hanna was official introducer and Aaron Glemby started as timekeeper, doubled with the ukulele, and then redoubled in straight vocal stuff. As a quartette Jensen, Cody, Glemby and Hanna got sentimental and almost ruined the party until E. P. Graham Barrow began to tell 'em stories that dried the tears but also just about destroyed all decorum. Mr. T. C. Britton got himself barred from all games after he had operated a while with a pack of cards. Jack Raynes did several things to the piano that brought them all up standing and calling for a knock out and then there was an intermission.

After a space Mr. Zellensky did a Japanese turn in a fashion so perfect that it would have made a Chinese patriot get sore at him. Another bit of sentiment was let loose by the quartette. Mr. H. W. Brooke then sang that grand old song "Drink to Me—" and something else that escapes the writer now. Glemby again helped out and with several extemporaneous turns the show wound up a perfect evening.

The Warwick Co.

Human problems, even in plays, may serve to show the way to better understanding of life, and last night the Warwick Comedy Company with their play, "A Place in the Sun," served the double purpose of giving a solution of one angle of the "human triangle" and also gave aid with their benefit performance for the Polish Relief Fund.

The story of ne'er-do-well son of a patrician father who has entangled himself in the meshes of a woman's heart without serious intention was the basis of the play. Edgar Warwick as "Dick Blair" played the part of an author who has deserted the farm for the fen and together with his sister become a part of London social life. The villain, in the person of "Sir John Capel," seemed to be the bar sinister to a happy marriage between the sister and "Stuard Capel," the son of "Sir John." The situation is further complicated by the "triangle" element when it appears that a marriage must follow in order to fulfill the obligations of the son to "Rose Blair."

The usual happy ending was given a twist which brought the father to the point of acknowledging the error of his ancient ideas of position. According to the program, "A Place in the Sun" is a comedy, but it might be more accurately described as a satire, especially as a play upon the conventions which bind humans in the mire of caste.

Tom Fenwick, who as "Arthur Blagden," the drunken and unlucky suitor for the hand of "Rose Blair," gave a remarkable presentation of his conception of a cynical and discouraged lover was one of the strongest supports in carrying out the story.

The house was well filled, and with many tickets sold on a benefit basis, the Polish Fund must have been materially aided.

CONSUL URGES ALL AMERICANS TO REGISTER

Special Effort Is Launched To Make Enrollment At The Consulate Complete

With the purpose of making the registration of American residents of Shanghai as complete as possible at the Consulate a special effort is being made by Mr. E. S. Cunningham, American Consul-General, and the Consulate staff to bring about registration of all those not now listed in the Consulate records.

Particular emphasis has been laid on the importance to American residents of having their names properly enrolled at the Consulate. Instances illustrating the value of registration constantly are arising—in issuance of emergency and other passports, in cases of death, in matters of litigation and in varied circumstances when the individual finds himself faced with the necessity of consular protection. It is to be noted that failure to register frequently has been the source of vexatious delays as well as heavy expense. Under state department regulations Americans who have neglected to have themselves registered are unable to claim consular protection in emergencies save through tedious and often costly procedure.

OPTIONAL MATTER

Mr. Cunningham pointed out yesterday all other Consulates require registration under laws of their countries, but the United States Government has not seen fit to enforce regulation, as it was deemed that American citizens abroad would realise the importance and wisdom of bringing themselves under consular protection without legal requirement.

Reports of the American Consulate giving number and names of all Americans residing in Shanghai are sent annually at the beginning of the New Year to the Legation at Peking, to the State Department and to the Navy Department and aside from the direct benefit that the individual reaps by being registered, it is an important matter to Americans in Shanghai as a community, as the larger the number known by the Government to be residing in Shanghai the more recognition may be claimed by the community from Washington.

The American population of Shanghai now runs somewhat over 3,000 persons and while the greater number of these are properly enrolled at the Consulate it is known that a considerable number have not seen fit to place their names on record. This often works out to their disadvantage and is a source of inconvenience also at the Consulate which wishes to extend every consideration to American citizens, but at the same time is bound by regulations concerning registration.

CRITICISMS ANSWERED

Concerning criticisms often voiced, particularly about the requirement of identification, are answered by the fact that this is not a local regulation, but a matter of law which all American consulates are bound to observe. It is therefore necessary for those who apply for registration to bring with them an American citizen who can identify them or two seeking registration may apply together and each identify the other to comply with regulations. Every courtesy and assistance will be given to those who apply for registration at the Consulate.

The Consulate asks all those seeking initial registration to bring with them all available documentary evidence of their citizenship, including any passports. Those who have once registered and have received notice of the approval of their registrations need no further evidence in re-registering annually. It is required that registration be done yearly in order that those who have died or who have left Shanghai may be eliminated from the rolls.

FILIPINO URGES COMRADES LET REPORT ALONE

(Reuter's Pacific Service)

Manila, Dec. 9.—The Filipino Legislature, through a committee of ten representatives of both Houses will study the Wood-Forbes report with a view to taking steps deemed advisable in the light of all possible information. The House of Representatives has passed a resolution providing for the appointment of a commission and the Senate is expected to do likewise immediately.

It is highly probable that a Filipino will go to the United States soon to present a formal answer to the Wood-Forbes report.

Senator Sotto, an influential Filipino, says he will refuse to go to the States, if he is invited, because he sees no chance of success in opposing the report. Senator Palma cites the fact that the report is three-quarters favorable to the Filipinos.

How Many Hairs Came Out Today?
The New Discovery, GERMOL Holds Hair Tight in the Scalp.
Stop worrying now, if you see yourself getting bald. There is one way to stop your hair from falling, and to make it grow in the most luxuriant manner. GERMOL is the new discovery that produces this amazing result. The first few days will prove it. GERMOL brings about such great vigor in the hair roots that the root-sacs grip the hair strands. The result is that your hair not only stops falling but grows luxuriantly, and it brings back the original, youthful color to the hair. It is not, of course, a hair dye. Your dandruff will disappear as if by magic, and scalp itching will stop. GERMOL is easy to use, and has a pleasing odor. As a hair invigorator, and a safe means of bringing grey and faded hair back to its original color, it has no equal. Stop your hair troubles from today on: use GERMOL.

GUARANTEED SCRUBBABLE
W.H.C. SUPER-DURABLE FLAT PAINT
FLAT WALL FINISH
A perfect Paint of smooth surface for Interior Wall Coating

The surface obtainable with this paint is smooth and flat, i.e., it is not a grainy, dead, lifeless finish, but of a velvety texture. It dries in a reasonably quick time, so that work can be carried out effectively, yet has the property of remaining open long enough to enable the worker to cover a large surface of wall without making laps or edges.
Excellent results with Super Durable Flat Finish are easily obtained, irrespective of the skill of the user, and an elaborate preparation of the surface is usually quite unnecessary.
Super Durable Flat Finish has been tried on non-absorbent surfaces of all kinds and where distemper and oil paint have proved prone to shell or flake off, it has always adhered. It gives a lasting finish of surprising beauty.
1 Imperial Gallon covers about 130 square yards one coat.

Light Horse Is Out Today In Tuxford Competition

Fifty Of Shanghai's Best Riders Compete For The Honor

The Shanghai Light Horse, S. V. C., will hold its cross country race tomorrow for the Tuxford cup. The course will be over a three and a half mile distance on known roads and on known lines of jumps. The start will be from the Old Handicap bridge, Brennan road at 10:30 a.m., and the finish on the Bee Line. Fifty troopers and 81 horses are entered.

With several well known local hockeys listed among the starters, and many of Shanghai's best ponies as mounts, the race promises a speed interest as well as the usual cross country jaunt.

Due to the shortness of the course, spectators unless mounted will not be able to attend the start and the finish. It is recommended that the start be watched by spectators afoot from the Warren Road. From that point they may see the field wade the creek below the Warren Line and then proceed to Bee Line in time to witness the finish.

The entries follow:

U.S.S. WILMINGTON REPLACES SOCONY TEAM IN LEAGUE

The Standard Oil basketball team, otherwise known as the Socony five has been displaced in the Foreign Basketball league by the U. S. Navy quintet, at present represented by the U. S. Cruiser Wilmington, due to the double default of the Socony men to fulfill their dates in the league.

The Wilmington team is ranked as one of the best in the Far East and will be certain to liven up the Shanghai Foreign league. They are well balanced, with an ample supply of substitutes, composed both of officers and half of seamen of exceptional basketball ability. After the sailing men get their landings they are certain to rank well up with the best of the Shanghai League.

The navy team now consists of Lieut. P. P. Welch, athletic officer of the Cruiser Wilmington, Lieut. Fricke, aide to Admiral Bullock, who played at second base in baseball for the Asiatic fleet last summer in baseball against Shanghai, and a choice of several other officers and men, including Capt. Halohan, Kois, Swift, Ryan, Cushing and Snyder, nearly all of whom may be remembered from the baseball season. The team as a whole will rank up with any States College team in America. They are in need of training at present, but after the first preliminary games, they will show a fine class of basketball.

The Navy team is booked for a match this evening commencing at 7:30 p.m., on the Chinese "Y" floor, against the East China Basketball team, which they met two years ago in a friendly match. The Wilmington's second match will be with the Rowing Club's "Bowside" five on Wednesday commencing at 5:30 p.m., at the Rowing Club, and on Saturday next, Dec. 17, the sailor team is billed to play against a Shanghai Baptist College Alumni or Student team at Yangtszepoo at 5:30 p.m., and to remain over as dinner guests of the college after the game. On Dec. 20th the Wilmington will play its first regular foreign league match.

The cruiser Wilmington expects to remain in port for an indefinite period, though should orders come for its departure, it has been arranged, subject to the approval of the next meeting of the League meeting, that the next U. S. Naval boat shall fill out the Socony schedule in the league.

A. T. Co. Defeats Andersen Meyer At Basketball

Due to the default of the Socony basketball team last night in its regular scheduled game in the foreign Basketball League with the Rowing Club Bowside five only one game was played, that between the American Trading company and the Anderson Meyer Company, which resulted in a clean win for the former by the score of 51-19. The Socony team by its second default in the foreign League has been displaced by the U. S. Navy team, represented at present by the U. S. Cruiser Wilmington.

In lieu of the league game, the Bowside and the Strokeside of the Club went through one half of a sharp friendly match with the latter winning out by a score of 16-14. The game while more in the nature of a practice match had good sporting interest because of the quality of basketball displayed by both sides.

The American Trading Company met the Anderson Meyer Company later in a regular league match, the first appearance of the A. T. Co. in the foreign league schedule, and won out, after an easy session by a score of 51-19.

Scores follow:

A. T. Co., 51	A. M. Co. 19
Smith, Tinkham, lf	Armstrong
Nichols, Sheldon, rf	Dawson
Sheldon, Young, c	Doughty

Race Club Gives $92,000; Second 1921 Allotment

(Continued from Page 5)

Jewish Ladies' Benevolent Society	1,000.00
Mission to Rickshaw Men	1,000.00
St. Joseph's Benevolent Society	500.00
St. Monica's Society	500.00
Sisters of Charity, Tinghang, Chusan	500.00
Chinese Children's Refuge	500.00
Union Jack Club	9,927.32
Shanghai Charity Trust	45,000.00
Total	$92,000.00

With reference to the item shown against the Charing Cross Hospital, London, this was remitted to Mr. A. W. Burkill who handed the donation to the treasurer of the Charing Cross Hospital at the function of the dedication of the Shanghai Race Club Ward of 14 beds, which took place on October 21 last. Cheques and Drafts will be forwarded to the treasurers of the other funds and societies named as soon as possible.

CHARITY TRUST GROWING

The Shanghai Charity Trust has been formed and will be controlled by the Stewards of the Shanghai Race Club, who will reserve a proportion of funds available for each half-year to be applied to and invested for account of the Trust. The sum shown above has been invested in approved debentures and subsequent available sums will likewise be dealt with. The interest accruing on investments will be distributed among local Hospitals, Charities, etc., at certain periods and the Stewards will annually render a statement of accounts showing investments and distribution of return on same.

Should local racing be supported in the same manner in the future as the past, the Shanghai Charity Trust will assume very large proportions and perhaps the future members of the Shanghai Community may one day appreciate the foresight shown now in this connection as they do that of those who formed and secured the Shanghai Public Recreation Trust and Ground.

During the 1st half of 1921 the Race Club distributed $97,000.00 among charities, etc., and as stated above $92,000.00 is available this half year, making a total of $189,000.00 for the year or a total of $985,606.00 since 1915.

Holiday Race Meet On Jan. 2

A New Year Meeting will be held by the Shanghai Race Club on Monday, January 2, commencing at 10:15 a.m at which four races will be run, with no charge attached to entrance to the pubdic enclosure. The members' enclosure however will be reserved for members of the Shanghai Race Club and the International Race Club and for guests having members' invitations. The total net proceeds from the meeting will be donated to the Shanghai War Memorial Fund.

The races will include, first, the New Year Cup, at a mile and a quarter for all China ponies.

Second, The New Year handicap, "A" and "B" class, mile and quarter, for China Ponies, Griffins of 1921, that have started in at least two races.

Third, The New Year Scramble, at five furlongs, for all China ponies.

Fourth, the New Year Sprint Race, at five furlongs, for China Ponies, Griffins of 1921 that have started or won in a flat race.

B. W. A. Notes

EXECUTIVE

Mrs. Hilton-Johnson has been elected to serve on the Executive Committee and the following members have joined the British Women's Association during the past two weeks: Miss P. Ayrton, Mrs. Hay Balton, Miss M. Conner, Miss L. Gaywood, Mrs. A. D. Jones, Mrs. W. King, Mrs. P. T. Hillman, Miss B. M. Mitchell, Miss C. Maguire, Miss S. Moses, Mrs. A. M. Richardson, Miss B. Richardson, Mrs. Heaton-Smith, Miss L. Stope, Mrs. M. U. Turner, and Mrs. G. H. Wright.

MUSICAL SECTION

The notice of this Section's successful meeting last week was unfortunately omitted. Owing to Mrs. Sykes' indisposition Mr. Vivian Dent most kindly came to the rescue and, supported by other artists, gave a masterly recital of Chopin's works. On account of certain other fixtures for the same afternoon but a small attendance was recorded. The program, however, was certainly one of the finest rendered since this Section came into existence. The next meeting of the Section will take place on Friday, Dec. 16, when Miss Richards will give her paper on "The Folk Songs of Various Nations."

ART SECTION

Members of the Art Section were "at home" at Headquarters on Thursday last to B. W. A. members and their friends when Dr. Stafford Cox gave his introductory address on Chinese Painting to a crowded gathering. A number of very beautiful and rare pictures were displayed at the end of the lecture, which was received with intense interest by those present. In view of the future lectures Dr. Cox has generously arranged to give, B. W. A. members are notified that membership of the Art Section is a sine qua non if they desire to continue to take advantage of this unique opportunity of acquiring knowledge of the art of the country in which they are resident. Subscriptions, $1, may be paid to the Secretary at Headquarters.

Chungking Harbor Plans Wait Survey

(Reuter's Pacific Service)

Peking, Dec. 6.—It is reported that the foreign representatives at Chungking were recently invited by the Chinese authorities there to aid them in raising funds for a harbor development scheme, with the object of developing the trade of the port.

It transpired, however, that no survey of the cost or the requirements of the harbor had been made, and it is understood that the reply given was that until this had been done no consideraion could be given to the proposal.

Indian Failure To Pay Up Makes Trader Bankrupt

(Reuter's Service)

London, Dec. 8.—Deficiencies exceeding £250,000 were disclosed in the examination of the bankruptcy of Mr. Robert Marshall, who carried on business in Glasgow under the names of Marshall and Company, the Patridge Tyre Company and the Shalimar Tea Co. The debtor attributed his failure to the trade slump and his Indian creditors' repudiation of their obligations. He stated that he had a bank balance of £49,000 at the beginning of 1921.

He was also the proprietor of various newspapers until his sight failed, since when he was prominently connected with various institutions for the care of the blind.

Keio Rugby Team Defeats Y.C. & A.C.

Yokohama, Dec. 4.—Keio University Rugby football players defeated the Yokohama Country and Athletic Club team nine points (three tries) to nothing in a hard fought contest yesterday afternoon on the Y. C. and A. C. grounds. The Y. C. and A. C. men played gamely, but were handicapped by the superior speed of the collegians, in addition to having a weak three-quarter line.

J. W. Martyr, playing for the Yokohama team, was seriously injured, and was taken to the General Hospital suffering from a slight concussion of the brain and severe shoulder bruises.

Mr. P. M. Linebarger Addresses Alliance

The importance of British, French and American friendship and co-operation was stressed yesterday in a lecture delivered before the Alliance Francaise by Mr. Paul Myron Linebarger, who took as his topic "French Fighting Men."

Mr. Linebarger's address took a historical character in its consideration of the French alliance with America during the American revolution and starting from this point the speaker elaborated his theme into consideration of a prospective alliance between Britain, France and the United States. With such an alliance, the speaker declared, the peace of the world would be assured. Proceeding further the lecturer showed how the history of today is shaping itself toward this triple alliance.

Mr. Linebarger told how after many years he had succeeded in having the French Ministry of War publish a roster of the 6,000 French soldiers and sailors who fought with Lafayette and Rochambeau in 1777. The publication of the roster, he declared, finds its parallel in the decoration of the graves of the unknown warriors who fell during the Great War. He referred with satisfaction to the amiable spirit prevailing between Britons, Frenchmen and Americans in Shanghai.

The meeting of the Alliance was largely attended, among those present being Consul-General Wilden and other French officials.

Up to last evening the following nationalities have entered: English, Portuguese, Scotch and Swiss. The Committee hope more nationals will enter for this important match, to make it a great success.

Last year ten teams entered.

America v. World

Up to last evening the following have sent in their names:—W. T. Rose (England), J. R. Main (Scotland), H. Tobias (Palestine) and A. M. Collaco, Capt. (Portugal).

Mr. Collaco (Capt.) asks those who have not yet entered or cannot enter the latter match to communicate with him as soon as possible. He would also ask the members of the team to put up practice as much as possible to retain the Shield this year again.

LIKIN IS ENDED IF CHINA GIVEN HIGHER TARIFF

(Asiatic News Agency)

Washington, Dec. 5.—The Chinese delegation has been instructed by the Peking government to notify the State Department of China's determination to abolish the Likin or transit taxes in the interior of China in lieu of the increase of the maritime customs tariff to twelve and half percent.

Further, the Chinese government has ordered all the military governors and commanders throughout the republic to disband their superfluous troops, as soon as possible, to the mimimum of sixty army divisions adding that the order of the country will be maintained by an effective police force.

There is a possibility for an increase of the Chinese customs tariff to an effective seven and half percent in the not distant future conditionally. That is to say the increased tariff shall be collected under strict foreign supervision so that the money may not be misappropriated by Chinese militarists or politicians for non-productive purposes.

Chemical Exports Of Germany Still Low

(Asiatic News Agency)

Nauen, Dec. 5—Speaking before the general meeting of the members of the Association for the Promotion of the German Chemical Industry in Berlin the other day, Chairman Duisburg stated that the export trade of German chemicals during the present year is considerably below that of pre-war days while rates have been decreased in spite of increased prices.

How To Weather Two New Years Is Peking Quandary

(Kuo Wen News Agency)

Peking, Dec. 8.—Mr. Kao Ling-wei, Minister of Finance, in a statement, has said that Peking has enough money to tide over the new New Year, but there are not sufficient funds to pass over the Chinese New Year.

Peking, Dec. 8.—Mr. Kao Ling-wei, Minister of Finance, is holding a reception for newspaper correspondents in Peking on Sunday when he will explain to them the financial situation and his future plans.

KANSU JOINING SOUTH, SHENSI IS NEW BATTLE ZONE

(*Staff Wire To* THE CHINA PRESS)

Kingchowkan, Kansu, December 12.—A clash between Northern and Southern troops is believed to be inevitable at Pingchow and word of the battle is expected here daily.

Kansu provincial troops have undoubtedly sided with the South and the outlook for Feng Yu-hsiang, Tuchun of Shensi, is very dark.

Cheng Hsu-fan, former Tuchun of Shensi is undoubtedly helping the South and is helping to engineer the attacks on Feng's troops which are guarding the Shensi borders.

Fengchow, a city in the South-west of Shensi, and defended by Feng's troops is besieged by Cheng's troops, according to information which has reached here and it is believed the city will soon fall. This will place Feng in such a position that it is doubtful if he can retain office. Feng is one of the Chihli faction adherents.

SITUATION IS PRECARIOUS

(*Kuo Wen News Agency*)

Peking, Dec. 9.—The Shensi situation is in a very precarious condition. Yoh Wei-chun has surrounded Pinchow, General Feng Yu-hsiang has telegraphed stating that the Kansu troops have come to the assistance of Shensi.

Yen Chi-tang's troops have been sent to oppose the rebels. Tsao Kun also is planning to send troops to Shensi also to help Feng.

ONLY FUNDS LACKING

Peking, Dec. 9.—General Chang Wen-sung, Tuchun of Anhui, has telegraphed reporting that he arrived at Nanking on Monday and has discussed with Tuchun Chi Shih-yuan plans for the rescue of Kiangsi. He left for Anking the following day and discussed with Mr. Hsu Shih-ying, the Civil Governor of Anhui, matters relating to the raising of funds for military purposes.

General Chen Teh-hsiu, leader of the Anhui army, is waiting for orders to proceed to the front. Chang is asking Peking for funds.

SZECHUEN BUYS PLANES

Peking, Dec. 8.—The Cabinet has received secret advices that the Szechuenese army has purchased several hydroplanes in Shanghai for use in the campaign against the North. They are planning to smuggle the machines into Szechuen. The authorities along the Yangtsze have been ordered to keep a sharp look-out to see that none of the planes are allowed to pass through their jurisdiction.

WOULD AVERT FIGHT

Peking, Dec. 8.—The situation in South Shensi is becoming serious. Pacific efforts to secure the support of Yoh We-chen are being made by the authorities in order that further fighting will be avoided in Shensi.

Frank Pomeroy Back In Town From Siberia

P. Francis Pomeroy, baseball fan extraordinary, arrived in town to catch a fleeting glimpse of the automobile show, duck the cold weather in Vladivostok and prepare his speech for the Baseball Club banquet.

Frank is doing business in the land where it costs a million roubles to visa a passport and will probably return.

JAPAN WRITHES UNDER H.C.L.; TO URGE SUFFRAGE

(*Eastern News Agency*)

Tokio, Dec. 8.—Viscount Kato, President of the Kenseikai, speaking at a mass meeting of the Party held yesterday at Fukushima, made a statement, which has attracted attention as the first official expression of opinion of the leader of the Opposition since the death of the late Premier, Mr. Hara. The gist of the statement is as follows:

"Premier Viscount Takahashi, upon assuming his post, declared that he would follow in every respect of the policy of the Hara Cabinet, but I, for one, should think that there are not a few, who hope to see the policy of the Government altered on some points, the prices of commodities for example.

"The Government has gone its own way without taking notice of our frequent warnings and commodities have gone up in price to the breaking point making a world record with the consequence that the nation's life is menaced and foreign trade brought to a standstill. To save this grave situation, it is most essential to carry out the consolidation of administration, finance, and taxation with a firm determination.

WANTS 0-0-0 RATIO

"As for the Washington Conference, though I have no information except that of the daily papers, I can understand that the basis, on which the naval ratio of the three Powers is placed, is unconvincing. So far as Japan's contention for the 70 percent is concerned, it is reported that the 70 percent is the irreducible limit of Japan's national defence.

"But if defence is the object of the naval proposals it naturally follows that there can be no need to maintain offensive strength. I am therefore of opinion that Japan should rather make a proposition of her own accord for the total abolition of the main squadrons of the Powers and this move is more logical and more thorough going than Mr. Hughes' naval proposals.

"In conclusion, I want to emphasise that I am prepared to introduce the universal suffrage bill to the forthcoming Imperial Diet and that I will do everything in my power to carry through the bill in question."

General Black To Be Guest Of American Chamber

Maj. Gen. W. M. Black, American member of the international consultative engineering board which has just completed a review of the work of the Whangpoo Conservancy Board, is to be the guest of honor on Monday night at a dinner that will be given by the American Chamber of Commerce.

With the other members of the International Committee of Consulting Engineers General Black shortly will be leaving Shanghai. The report of the committee indicating how Shanghai's harbor is to be improved is to be published shortly.

"Take a 71"

The best advice you can offer to a friend suffering from a cold or sore Throat, No. 71 has the largest sale of any Throat Pastille in China. Its popularity is easily explained—it does what we say it will.

Manufactured by ALLEN & HANBURYS, LD., London. The name is the guarantee.

Stocked by all Chemists.

TENDERS are invited for the purchase of the CUSTOMS MOTOR LORCHA "CHANKONG" as she lies in Shanghai Harbour.

The dimensions and particulars of this vessel are as follows:—

	ft.
Length	124.3
Breadth	26.6
Depth	10.8
	tons
Gross Tonnage	228.65
Register Tonnage	207.10
Speed	about 6 knots

Three masts (mainmast cut down to form derrick).

The vessel was built in Shanghai in 1906 and is constructed of wood, carvel-build.

Engines: Two sets heavy duty Sterling Motors, 4 cylinders, Model D, each of 45 B. H. P., and in good condition.

Donkey Boiler: Vertical cross tube boiler, 9' high by 4' diameter; working pressure 100 lbs. to square inch; with all necessary fittings; in good condition.

Donkey Pump: 15/16" x 2½" x 2½", in good condition.

Steam Winch: One 3-ton winch, cylinders 6", stroke 10", in good condition.

The vessel is in good condition, and is equipped with anchors, cables, sampans, sails, etc.

The conditions of sale are that payment in full is required before the vessel is handed over, and that the Customs have then no further responsibility for the vessel.

Sealed tenders will be received up to the 15th January, 1922, and should be addressed to the Coast Inspector, Marine Department, Custom House, Shanghai.

Permits to view the vessel and further particulars can be obtained from the Coast Inspector.

T. J. ELDRIDGE
Coast Inspector.

Exchange Fluctuations

Asia Banking Corporation

December 9, 1921

Spot bar silver was down 1⅛d. and forward 1⅛d. in London yesterday.

The New York price declined to 63¼ cents and the London-New York cross rate improved to 410½.

The official Sterling rate this morning was fixed at 3-5½, the Gold Dollar rate at 71, the Franc rate at 960, and the Yen rate at 67½.

The market, however, was very strong at the opening, and the official Sterling rate was therefore raised to 3-7, the Gold Dollar rate to 73½, the Yen rate declined to 65¼ and the Franc rate remained at 960.

After the change in rates, the market was steady, a fair amount of business being done for December at rates varying between 3-7 and 3-7⅛, for January at 3-6¼ to 3-6½, and for February at 3-5⅝.

Gold Dollars were done at 74¼ for December, 73¼ for January and 72½ for February.

In the afternoon the market was steadier, there being sellers of Sterling at 3s. 7⅜d. for December, 3s. 6½d. for January and 3s. 5⅝d. for February. There were Gold Dollar sellers for December at 74½, for January at 73½ and for February at 72½, the market closing steady at this level.

The drop in silver in London yesterday is attributed to selling by the Continent and China, India buying after the fall.

New York report their market as being nominal, with holders not inclined to sell at the present level.

It may be, therefore, that in view of the heavy drop in silver yesterday, we may nave a slight reaction in the price, but this will probably be temporary only, as the undertone of the silver m rket does not appear strong.

-:- Cotton -:-

In their weekly report on the Shanghai Piece-Goods Trade, Messrs. Noel, Murray and Company write as follows:

Cotton.—Prices in Liverpool on Tuesday were slightly lower than they were last week, 10.93d. for Spot Good Middling American, 10.81d for January and 10.73d for March, Bengals 8.15d and Egyptians 20d. In Bombay yesterday F. G. Bengals were Rs. 313. Fine Oomras Rs. 403 and F. G. Broach Rs. 459. Private advices report a further advance today in Broach to Rs. 470. Yesterday's New York prices were down to 17.50 cents for Spot, January 17.15, May 15.95 and July 16.50 cents.

The Chinese Cotton Mill Owners Association estimates the Cotton production of China in 1920 as equal to 1,868,000 bales of 500 lbs. gross.

Home Market.—Mail advises towards the end of October report a disappointing market, with less business resulting because of several features; the uncertain financial situation which was universal, resulting in a drop in Cotton prices and a fall in exchange rates. Customers in consequence of the uncertainty were holding off and most of the offers from China could not be accepted.

Concessions in prices have not been great and the weak position of forward Exchange is again disconcerting, calculations for June having to be made at somewhere around 3/3d.

Local Market.—There has been rather more activity during the past week chiefly with the Northern markets, Chefoo Tsingtao and Tientsin, with the exception of Changsha up-river enquiries not being much in evidence. To stimulate the export trade, freight rates are being lowered in certain lines. Under their proper headings, yarn and auctions, we can say, are more encouraging and clearances of piece goods during the week have been on quite a fair scale.

Yarn.—300 Bales of Indian yarn have been sold at low prices, but a very large business has been done by the mills and it is said their sales during the past two or three weeks have amounted to 50,000 bales. Prices in most cases show a very considerable reduction, but this is quite consistent with the drop that has taken place in cotton and the large quantity of the cheap imported Indian staple that is now used by the local mills, while the China product is made the medium of speculation on the exchanges.

ROSENFELD REPORT

In their weekly cotton market report, Messrs. A. B. Rosenfeld and Son write as follows:

China Cotton:—The cotton market during the past week has been practically dead as far as actual demand for the raw material is concerned, Notwithstanding the enormous profit-taking which was constantly indulged in by those who had been engaged in the short side, the market showed very little resisting power and no rally of consequence has been experienced so far.

We, therefore, see no reason to change our view concerning an unwarranted advance in prices from the present outlook, and while it would be hazardous to predict any immediate abandonment of effort to force the market up again, we are of opinion that only temporary success will attend such operations.

Yarn.—The market has been quite firm during the eary part of the week, and prices advanced some three to four taels from last week's level. At the close the market seemed to be in favor of steady prices. Business done between mills and dealers are as follows:

Naigai Mills sold 600 bales Two Donkeys 16's at Tls. 137.00 January/February delivery, 5,500 bales Watermoon 20's and 16's at Tls. 151.00 and 1,000 bales Two Donkeys 16's Tls. 137½ both December/January-February delivery. Wei Tung Mill sold 1,000 bales Pea-cocks 16's at Tls. 146.00 January-February-March delivery. Yung Yue Mill sold 200 Bales Three Goats 16's at Tls. 143.00 December-January delivery. Oriental Mill sold 200 bales Wedding 16's at Tls. 139.00 January-February-March delivery, and 2,000 bales Wedding 16's at Tls. 135.00 December delivery. Pao Zung Mill sold 1,000 balas Ju Yee 10's and Soo Teenkwan 10's at Tls. 126.00 and 127.00 respectively January-February-March delivery, 1,000 bales Ju Yee 10's and Soo Teenkwan 10's at Tls. 126.00 both January-February-March delivery, and 4,000 bales Ju Yee 16's at Tls. 145.00 January-February-March delivery. Ewo Mill sold 5,400 bales 5 Man 20's Tls. 151.00, Man and Goat 20's at Tls. 148.00 and 3 Joss 20's Tls. 154.00 all December-January delivery. San Sin Mill sold 3,000 bales Sunlight 16's at Tls. 147.00 December-February delivery. Japan China Mill sold 1,000 bales Phoenix 16's at Tls. 135.00 December delivery and 3,000 bales Phoenix 16's at Tls. 137.00 to Tls. 138.00 January-February-March delivery. Shanghai Mill sold 2,500 bales 2 Tigers 10's at Tls. 141.00 December-February delivery; and Foong Dee Mill sold 2,000 bales Foong Dee 16's Tls. 146.50 December-February delivery. New Business for export, some 8,000 to 9,000 bales in all of 20's., 16's., 14's, and 10's has been recorded.

SPUNT AND COMPANY

Messrs. J. Spunt and Company write as follows in their cotton market report.

China Cotton.—Prices, with but slight fluctuations during the past week, remain steady at the close, notwithstanding the fact of Mills buying on the hand-to-mouth basis and our market on the whole displaying a quietude not in keeping with the volume of business done, in the interim, in the output of the local Mills. Consumers are entertaining the expectation of a recession in the rates on the local staple as time draws nearer to the Chinese New Year period and are keeping aloof in as far as circumstances permit; and while there is every likelihood of realising their expectations, if the prevailing tightness in the money market continues, it is still doubtful as to any financial pressure causing liquidation of any magnitude to bring about a depreciation to any palpable extent. For the fact must not be overlooked that the 1921-22 season is showing a great shortage in the crop and that the more prosperous holders of stocks are fully cognisant of the situation. Tone of the market, Steady.

Chinese Chieftains On International Control

BY JOSEF W. HALL

I have to hand personal letters from two typical Chinese officials which reflect the attitude prevalent in non-official as well as official circles, and which are evidence that the delegates at Washington have correctly gauged the feeling in their country. These letters were in reply to my own pointing out the disruption of China's governmental finance and asking what would be the attitude of the recipients toward a proposal for supervision of government finances by a Sino-foreign commission, should such a suggestion emanate from the Conference. Significantly, both replies assume without discussion that a *Sino*-foreign commission would be tantamount to foreign control, which, in turn, would mean the international administration of the country. It seems impossible for Chinese minds to distinguish between these things. To allow of the one would be to admit all, in their conception.

Wu-Pei-fu, whose statement is a declaration that he will oppose foreign control with arms, says, in his direct fashion: "The alleged motive of the Pacific Conference (in regard to China) is to protect the principle of self-government and sovereignty, as first requisite. The division between the North and South is temporary. It, as well as other internal disturbance, has no bearing upon our fitness for self-governing independence.

"If the powers bring up international control it will be for no other motive than to profit by our disturbed condition and kill our independence. I am a military man—With sword in hand and military power I shall protect my country. Although I know not if the powers ordinarily designated as enlightened and the upholders of justice contemplate such a plan as you suggest, my belief is that they cannot have gone to such an extreme."

General Ma Fu-hsiang, Tutung of Suiyuan, and recognised political leader of the Mohammedan population, who has lately made an alliance with Wu Pei-fu's great contemporary and rival, Chang Tso-lin, and who is a keen student of China's international problems, says: "The Pacific Conference involves the peace of the Far East and of China. The Chinese people have already awakened sufficiently to understand this fact and they are inexpressibly thankful to the American President for the great principle which he is trying to spread throughout the world. There is no place to which the helpful spirit which he is fostering will not penetrate—the spirit which lifts up the weak restrains the strong and disseminates justice.

"The world has long thirsted for such a message. All who are called by the name of Chinese bow in gratitude and clear their eyes to watch for the anticipated fruition.

"Your letter states a possibility that the Conference might discuss the proposal of an International Financial Commission to control China's governmental finances. The very suggestion makes my head swim.

"The American President has consistently manifested principles of charity. Never can it be that he will be enticed to listen to unprincipled arguments, forgetting or ignoring justice!

"As to China, since the change in regime several years ago there has been factional friction for control of the government. All factions have demanded money. The Treasury has gradually been bled dry. Calamities and pestilences have been rampant. Revenues sufficient to cover daily administrative expenses no longer flow in.

"If friendly nations seeing China's safe to be empty come forward to protect, this is the natural and sincere act of friendship. How can China grow to maturity in aloofness? Should their friendliness take the form of international control, I fear that it would not meet the hope of the Chinese people.

"I am stationed on the border of my country, and I have here an individual duty not connected with governmental finance. The proverb says: Let every man look unto his own affairs. Yet in thinking for my country, I dare in a private capacity to beg you to put this matter before your countrymen, asking them, with you, to uphold and protect for our sakes, principle and fairness. You will have my unending gratitude."

Quite clearly, China's one answer to all questions as to her conduct and self-management is: "Let me alone." This is not a reasoning answer, but it is a psychological answer. Probably, notwithstanding all its exasperating "weaknesses," the American policy is not so far wrong; and, in spite of the apparent necessity to do something drastic in regard to China, the nearer the powers can come accepting this answer of China the happier we will all be.

(French Wireless through Reuter)

Paris, Dec. 8.—Following the arrest of M. Smeets at Cologne, the International High Commission for the Rhineland promptly resolved to prohibit his removal from the occupied areas. They likewise requested the competent German authorities to furnish prompt information as to the motives for and circumstances of his arrest for German law does not allow the arrest of persons accused of political misdemeanor save in two cases, suspicion of intended flight and danger of tampering with evidence, neither being the case with M. Smeets.

Replying to M. Barres, deputy for Paris, M. Briand referred to the indignation of the French Parliament at M. Smeets' arrest and declared that he had instructed High Commissioner Tirard to point out to the Interallied High Commission the political character of the arrest and to have M. Smeets set free. In case of insuperable difficulties M. Tirard was to urge that the question should be submitted to the Allied Governments.

Chaos And Tuchunates Stand In Way

(Asiatic News Agency)

Peking, Dec. 6.—Mr. A. Sze, Minister to Washington, suggests that China should take part in the Commission of Jurists who are coming to the Far East for the investigation of the Chinese judicial systems and the Courts of Justice in connection with the proposed abolition of extra-territoriality in China by the Powers.

Responsible and enlightened Chinese officials and others do not regard the mere acceptance of the principle by the Powers about the abrogation of the consular jurisdiction in China as any remarkable success for the Chinese delegation in Washington because this was promised by the Mackey Treaty long ago.

In view of the existing political instability and financial bankruptcy and the insubordination of the Tuchuns and Super-Tuchuns towards the central government in Peking, it is to be feared the question will be shelved after a thorough investigation of the Chinese judicial system by the international jurists. It is true to say that the discussion of the Chinese question is proceeding smoothly at Washington, but so far China has secured no actual success. All China's proposals have been accepted in principle; but the real question is how to put them into practice.

Clergymen More Numerous Despite Meagre Pay

Growing Increase Of Churchgoers Indicates Success Of The Workers Ever Since 1890, Census Figures Show

A tall man in black clothes stood in an open space at one end of a long office room of a skyscraper devoted to haste and business. Behind him the door through which he had entered closed itself, shutting out the noise of a battery of elevators. In front of him were rows of desks at which scores of young women and young men worked swiftly over papers and pamphlets. Typewriters clattered. Office boys dashed about. It was near the end of the late afternoon rush.

The man in black hesitated, uncertain to which clerk to address himself. Several glanced up, then, catching his eye, looked hastily away as if fearful of becoming the object of attention. From beneath bent heads others watched him covertly. They saw a man of decided age. His shoulders stooped. Gray hair showed beneath his black felt hat. His eyes seemed tired. His suit, though neat, was extremely worn.

BOOK AGENT FEARFUL

A book was tightly clasped in the man's right hand. It was a fat volume, bound in bright colored near leather, plainly belonging to what a certain brand of publishers sell by the "set." Over the left arm hung a cardboard, collapsible contrivance, which when unfolded counterfeited a row of books or a "set." The old man, it appeared, was a book agent.

Apparently summoning determination he crossed to the desk at which worked a youth whose appearance gave evidence of wide study of the style books of clothing manufacturers.

"May I interest you in a history of"— began the old man. But the youth cut him short.

"Naw," he said, "no time to read."

The old man moved to a second desk. He met a second rebuff less courteous than the first. At the third attempt the way was barred by an office functionary.

"Book agents 'n pedlers not allowed here," said the functionary. The old man was ushered out of the office swiftly. One clerk, a youth with many freckles and blue eyes, seemed concerned. When the back of the functionary was turned this youth slipped through the door. He found the old man in black sitting dejectedly in the casement of a corridor window near the elevators.

"Selling histories?" inquired Freckles, and grinned. "Let's see one; maybe I'll buy. I rave about history."

Five minutes later the youth was the possessor of a receipt entitling him to one set "Standard History of Civilisation" deliverable thirty days from date, express C. O. D. And a crisp, new $10 bill was transferred to the pocket of the other.

"Sell many?" asked Freckles.

"Not many," was the reply given sadly. Under encouragement Freckles learned more.

The old man was a minister. Two years before he had been retired, asked to leave his charge, as superannuated. Only young men seemed wanted in the pulpit, he explained falteringly. His wife was dead. He felt strong. He undertook to sell books so that a pension of $500 a year which was really due to him might be given to another retired minister who was in poor health. In thirty-five years of active ministry he had prepared and preached 2,500 sermons, performed 1,500 marriages and baptised and converted 1,800 men and women. Also during this time his salary had never exceeded $1,000 a year and for many years was only $600.

The small savings possible with this stipend had been exhausted not long after he undertook to sell books. Now he was able to sell just enough to pay for food and shelter. Probably sooner or later, when he became unable to walk, it would be necessary for him to go to a home maintained by the faith and there live until death.

"Would you be a minister if you had a chance to begin life all over again?" asked the freckled youth.

"Certainly," was the quick reply.

"Thought so," said the youth; "my granddad was one. Well, s'long, send along the history soon."

MORE PREACHERS NOW

A religious army of more than 220,000 men, and a few women, now is at work in the United States, reports of the Census Bureau show. And the number is increasing each year, despite the financial handicap under which many clergymen, priests and rabbis work, the reports show.

In 1916 the total number of clergymen and other professional leaders of religious bodies was 191,796. In 1906 the number was only 164,830, and in 1890 it was 111,036. In the sixteen years between 1890 and 1906 the increase in the number of clergymen was 49 percent.

OUTSTANDING FIGURES OF THE CLERICAL ARMY

Year.	Number at work.	Yearly pay.	Daily pay.
1921	220,000	$1,350	$3.70
1916	191,796	1,087	2.95
1906	164,830	668	1.85
1890	111,036	....	....

Schools, colleges and seminaries now are turning out a new class each year of young men who have spent from four to ten years in preparation for a profession in which their greatest compensation will be the satisfaction that comes from work well done. Like the soldiers going into battle who know that not all of them will return, the members of each new class of ministers know that some of them will find themselves in or near financial want in later years.

The average salary of ministers and clergymen of the United States now is approximately $1,350. Five years ago it was $1,087, according to the official census reports, while in 1906 the average was but $668.

These reports show that salaries of ministers have been increased during the last thirty-one years, but not in a measure proportionate to the increases in other professions. It should be made clear that this is not due to the lack of understanding of church officials and others who fix the compensation of clergymen. Rather it is the fault of the giving public, which, during the war years especially, failed to increase its donations in proportions needed. In many cases ministers themselves have deliberately fixed limits to their salaries so that more money might be available for charities. This, however, does not alter the fact that clergymen generally and their families now are living on incomes far below those generally held necessary to insure what is called the American standard of living.

The clergyman, for instance, who receives the average salary of $1,350 is being paid at the rate of $3.72 a day if Sundays are included. Compared with industry this is approximately the pay of the common day laborer, who is obliged to take no training whatever to earn 40 cents an hour for an eight hour day. The minister, on the other hand, must receive an education which required from four to six years of special training in addition to an ordinary high school education.

The clergyman, it would seem, should be classed as a skilled worker. In industry, the skilled worker now obtains from $6 to $8 a day and sometimes $10, or more than twice the wage of the minister.

It takes two days of the minister's pay to purchase a $7 pair of shoes, while the bricklayer, the carpenter, or the machinist can buy a pair of shoes with one day's labor and have money left over. The machinist who assembles automobiles receives $1 an hour and the minister averages 46½ cents an hour for a twenty-four hour day. The minister is subject to call in the middle of the night to visit the sick. The automobile repair man must have double time in return for giving up the warm bed for his overalls.

OLD AND FEEBLE MINISTERS

Leaders in all church denominations now are staging campaigns to obtain money for endowments to make it possible to increase the salaries of clergymen. Homes are being established by some denominations, in which retired clergymen without families may live, surrounded by comforts to which their lives of service should entitle them. In other denominations plans are being laid for the payment of pensions sufficient to insure the comfort of men unable to preach.

In some denominations the average salary of ministers has been increased to approximately $2,500 a year. For a minister with a family of two or three children this is barely sufficient to maintain what the Labor Department of the Federal Government has found to be a comfortable standard of living.

For the average minister, however, compensation can be said generally to be insufficient to insure savings which will make for comfort in old age. Debts which they hope to pay only with the most extreme privations are facing some clergymen, because of the sudden recent rise in the prices of necessities.

Few clergymen complain at this state of affairs. The Census Bureau, in obtaining information concerning salaries, receives replies from nearly 100,000 ministers to questionnaires at each attempt to collect data. The ministers simply answer the questions asked without comment.

In a few large cities salaries of from $5,000 to $10,000 a year now are being paid to some Protestant ministers. These, however, are exceptions. In the Baltimore division of one big Protestant denomination the average salary recently was discovered to have advanced to $1,800. But this included, in most cases, a sum calculated as rent and did not signify that all clergymen of the division received that amount in cash.

One effort of lay officers of churches intended to make the financial sacrifice of ministers less extreme is being directed toward the providing of parsonages. About half of the more than 230,000 congregations in the United States now provide parsonages for their ministers. The value of such property is estimated now to be close to $500,000,000, at present values.

PREACHERS ARE SUCCESSFUL

Although clergymen are sometimes called the lowest paid workers in the United States, the official reports of the Census Bureau indicate that they are probably the most efficient and most successful. In the language of the business world, the job of the clerical profession is the "selling of an idea" to the American people. The idea, of course, is that of eternal salvation. Carrying out this commerical metaphor, the clergymen have the United States 50 percent "sold." Few other bodies of salesmen could claim such success.

Nearly one-half of the entire United States population now is affiliated or otherwise connected with some church or religious organisation. Approximately 45,000,000 persons hold church membership, it is indicated in the census returns. In twenty-five years the ministers have doubled the nation's list of converts, the official records show, despite the fact that the entire population has increased in far smaller ratio. In short, the church is "making sales" faster than "prospects" can come into being. Church membership is increasing at the rate of nearly 1,000,000 persons a year, the records show. This is because there is one minister for rather less than each 500 residents of the United States.

Sincerity Of Japan Not Chita Now Is In Question

(Dalta News Agency)

Chita, Dec. 5.—The Far Eastern Telegraph in a leading article says:

"Whenever there arises an interruption of the Dairen Conference through the fault of the Japanese militarists, the Japanese press always attributes this to the insincerity of the Chita Government. We feel justified in having the Japanese Government questioned whether its sincerity is in harmony with the dispatch to Russia of 70,000 soldiers instead of 7,000 as originally pledged; whether its sincerity is compatible with the destruction of the entire economic life in Siberia; or with the aid rendered by the Japanese militarists to Merkuloff and other brigands against the authorities of the legal Government of the Far Eastern Republic.

"The Japanese are raising the question of sincerity. Is it not a sign that the militarists of Japan are cynical, that the crimes committed by the Japanese are unwarranted, and that, therefore, they are seeking for excuses which are couched in senseless phrases?"

The Far Eastern Truth, in a leading article entitled "Deadlock," says:

"The Dairen Conference is assuming a definite aspect showing that both delegations remain strange in spite of the negotiations being carried on for three months, and in spite of a long series of official and unofficial meetings between the delegates.

"It is clear to us that in order to remove the stumbling block, it is necessary that a third party step in. This third party is Soviet Russia, which is interested in the solution of the differences between the Far Eastern Republic and Japan, or this third party may be impersonated by a combination of the Powers participating in the Washington Conference."

MAY MOVE TO PEKING

(China Press Correspondence)

Peking, Dec. 6.—Transfer to Washington of the negotiations now being conducted at Dairen between representatives of Japan and the Far Eastern Republic is forecasted by the Far Eastern Telegraph, the semi-official organ of the Chita Government, according to telegraphic reports received her today.

Discussing the Dairen negotiations, the Far Eastern Telegraph states, in an apparently inspired article, that these negotiations have continued for three months without arriving at any visible result. It is therefore time, says the newspaper, that steps be taken to conclude a satisfactory agreement with Japan covering Japanese evacuation of all of Siberia's territory, including Saghalien, and arrangements for trade and the development of commercial and economic concessions.

Inasmuch as it is apparently out of the question to bring the Dairen negotiations to a successful conclusion, asks the Far Eastern Telegraph, should not the delegations of the Far Eastern Republic and Japan meet at Washington and continue the Russ—Japanese pourparlers in an atmosphere more neutral, more favorable to a mutually agreeable solution? If China and Japan, aided by Messrs. Hughes and Balfour, have been able to get together at Washington and talk Shantung over, why should not the Far Eastern Republic and Japan be able to discuss Siberian problems at Washington?

The Far Eastern Telegraph accordingly urges the Government at Chita to instruct its delegation, which has now arrived at Washington, to request Mr. Hughes to lend his good offices towards the solution of the Siberian-Japanese problem, just as Mr. Hughes and Mr. Balfour came to the aid of the Chinese and Japanese in the matter of the Shantung deadlock.

From Peking sources it is learned that the attitude of the American Government is friendly towards the Far Eastern Republic and that the United States is disposed to assist in the equitable solution of the present problem in Siberia. The United States will not, it is understood, subscribe to any territorial bargaining in Siberia nor will she be a party to any agreement involving political or economic injury to the Siberian people.

Hankow Market

The British Chamber of Commerce at Hankow write as follows in their weekly circular dated Hankow, November 30.

FINANCE AND MONEY MARKET

The price of bar silver in London has declined during the past week 3/4d ready and 1/4d forward, the respective quotations on 29th inst. The estimated stock of silver in Shanghai on 24th instant was Tls. 24,906,000 and $23,200,000. The quotation for sterling T. T. is 3-11d, the same as a week ago. In the interval the rate has been down to 3-9d. The closing quotation in New York for T.T. on London on 29th instant was 399½. Chinese market rates Shanghai Tls. 97.05. Local currency $70.2. Native interest 21% per annum.

EXPORT

Business continues exceedingly dull with Europe practically out of the market. The only article of interest seems to be goatskins for which there is a fair demand from America, though at low prices. Several purchases of seeds are again reported at about Tls. 5.70—5.80 which however would appear to be of purely speculative character, with home values 20% below China.

IMPORT

Piece Goods:—The market is very quiet and there is nothing doing. Prices for greys show a slight improvement, blacks are steady and whites weak.
Yarn:—Nothing of interest to report.

GUATEMALA GOVT. OVERTHROWN ALL OFFICALS IN JAIL

(Reuter's Service)

Guatemala, Dec. 8.—There have been a dozen fatalities in a revolution as a result of which the Government of President Herrera was overthrown.

President Herrera has surrendered his powers to a provisional Government, and is now a prisoner in his own residence. His Cabinet Ministers are being detained at military prisons.

Industrial Court 400 Year Setback Gompers Asserts

(Special To The China Press)

Washington, Dec. 7.—Samuel Gompers, president of the American Federation of Labor, today aligned himself in open opposition to the Republican administration when he issued a statement bitterly criticising the plan advanced by President Harding for the establishment of an industrial court.

Mr. Gompers in his statement declared that the suggestion, if carried into effect, would reverse labor conditions in America to those existent in Europe 400 years ago.

France Urges Spain To Make Trade Pact

(French Wireless through Reuter)

Paris, December 8—It is reported that the Spanish Ministry of State has received the French Note urging acceptance of the latest conditions suggested by France for the prosecution of the negotiations concerning the continuance of the commercial modus vivendi.

The greatest importance is attached in well-informed circles to the last interview between M. Briand and Senor Quinones de Leon.

Canada Liberals Win On Protection

(Reuter's Service)

London, Dec. 8.—The Canadian Election results are now practically complete. They confirm the astonishing triumph obtained by the Liberals who, with 122 seats, have a clear working majority over the conservatives with 51, the Progressives, with 59, and the Laborites, with two.

The main difference in policy of the three parties concerns the Tariff question. The Conservatives, who were supported by capitalistic interests, espouse high protection. The Progressives, whose difficulty is to square the views of their supporters among the East Canadians with those of the West Canadian workers, favor free trade, while the Liberals steer a middle course in favor of moderate protection.

ST. LOUIS STRIKE STARTS; 4 HURT

(Special To The China Press)

Chicago, Dec. 8.—Trouble broke out in St. Louis today during the packing workers' strike as the district court at Chicago ordered the workers to return to work pending the report of the special commission investigating the controversy.

Between eight and ten were injured at the St. Louis plant of Swift and Co. when commission men tried to break through the pickets. Reports from St. Paul say that commission men were chased by pickets when they approached the yards.

Chicago strikers have so far failed to heed the court's orders, but packing company officials are optimistic. The Chicago packers assert that the strike is a proven failure and gave out figures of men on strike as follows; Wilson & Co., 250; Armour & Co., 400; Swift & Co., 300; Morris & Co., 150.

Union officials say that practically all of the men employed by Armour and Company at Denver are on strike.

POLICE ON GUARD
(Reuter's Service)

Chicago, Dec 8.—Over a thousand police are guarding the stockyards here as a consequence of disorders by striking employes. The police fired at the strikers yesterday evening. Similar disturbances occurred in Kansas City.

IGNORE THE COURTS
(Special To The China Press)

Kansas City, Kan., Dec. 7.—E. W. Jamerson, business agent of the district packing house workers union, today declared that he would not call a strike of the members of his union. The strikers, however, are ignoring the order of the Kansas industrial court which forbid them from walking out of the Kansas City plants.

S. S. LOAN UP ¾
(Reuter's Service)

London, Dec. 8.—The Straits Loan now stands at a ¾ premium.

The success of the Straits loan was unexpected. The Irish news is reported to have stimulated subscriptions considerably. This success led to a keen demand for other colonial scrips, and those which were at a discount rose to par or above it.

Contraband Rum Not Merchandise; Ship Exonerated

(Special To The China Press)

San Francisco, Dec. 8.—The United States District Court of Appeals held that contraband liquor is not merchandise and need not be listed in a ship's manifest in a decision rendered today. The court also held that a ship was not liable for carrying liquor and that the law was aimed only at the persons attempting to bring liquor into the United States.

Burglars Steal Jewel Exhibit

(French Wireless through Reuter)

Paris, Dec. 8.—Burglars broke into the galleries, now occupied by the Salon D'Automne, in the Grand Palais last night. With a diamond they cut through the glass front of a show-case where jewels were exhibited and took 52,000 francs worth of jewellery.

Singapore To Have Huge Oil Storage

(Reuter's Service)

London, Dec. 8.—The newspaper, Modern Transport, announces that the Whessoe Foundry and Engineering Co., Ltd., of Darlington, has been awarded the Admiralty contract for the supply and erection in Singapore of ten steel oil fuel tanks, each tank capable of holding 12,000 tons of oil, probably a larger capacity in one unit than any oil storage tanks so far constructed.
